### **FOR IMMEDIATE RELEASE – Friday, May 29, 2020**

#### **JCFPD Resumes Training, Reopens Administrative Office**

WARRENSBURG, MO – Since March 18, 2020, the Johnson County Fire Protection District has been operating by performing essential functions only. These functions included day-to-day operations including response to emergencies, career staffing of apparatus, non-contact public relations events, and administrative functions while closing the Administrative Office to the public. JCFPD's normal in-person training functions were suspended and the District's Training and Safety Division began offering live online training programs to the District's firefighters.

After observing and evaluating the reopening of Johnson County and the State of Missouri in early May, JCFPD will resume normal operations effective June 1, 2020. Additionally, JCFPD's Administrative Office will reopen to the public. However, the public and personnel must follow CDC guidelines and not enter any JCFPD facility if they have been exposed to or have any symptoms related to COVID-19.

While JCFPD's Administrative Office is reopening to the public, for the safety of District personnel, access to portions of our facilities will remain limited. Anyone needing to visit the Administrative Office is requested to limit the visit to required business only and should consider making an appointment prior to arriving.

JCFPD is continuing to monitor the COVID-19 Pandemic locally and will continue to make adjustments to operations if needed. The JCFPD is following best practices and taking necessary steps to protect all members of the District and the community.
